Pig Goat Banana Cricket!

Pig, Goat, Banana, and Cricket live in a semi-isolated cement treehouse. Even though they do battle with each other from time to time, they always come together whenever a crisis threatens their home or strange family unit.

Their treehouse is in a peaceful little clearing that is surrounded by a crazy world that includes an enormous, hyperactive city, a thick and untamed forest, and a deep, mysterious sea. These are the places where they make their various livings and are the backdrop to many of their strange adventures.

Most of the inhabitants of this world think of PGBC as a family of weirdoes because they are such wildly diverse species living together in a cement treehouse.

Their relationships can be dynamic and explosive, but at the heart of it, they are an inseparable team who would do anything for one another.

PIG!

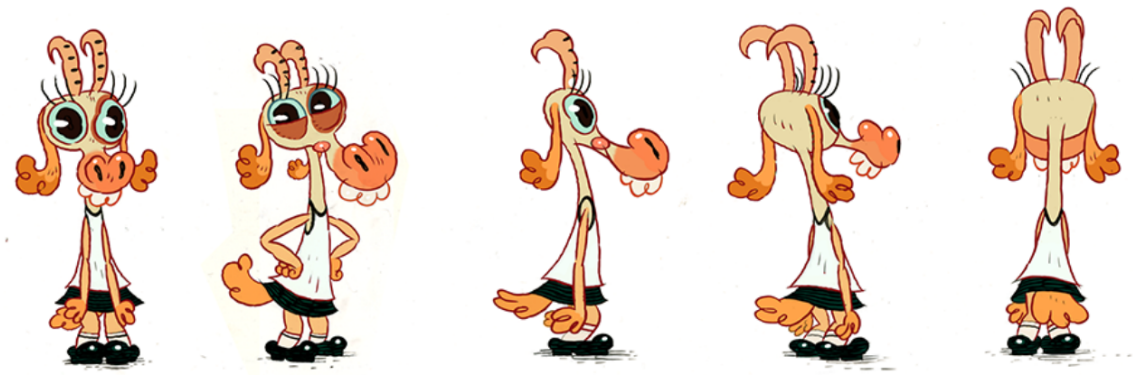

Pig is simple minded and naïve, overly optimistic and very trusting. He loves to help people even though his kind of help always seems to make things worse. He is easily distracted so it is difficult for him to finish a simple task. Pig is also basically illiterate causing him to misread words, sometimes with disastrous results.

Pig doesn't have an official job. He mostly wanders around looking for fun. But every once in a while he will score a simple, low paying job, like carrying out delivering burgers for Sky Burger or applying to be the new Picklemart mascot. These jobs usually only last a day because Pig is such a doofus that always screws everything up.

One of Pig's weaknesses is pickles, and sometimes his pickle-lust can get him and others into trouble.

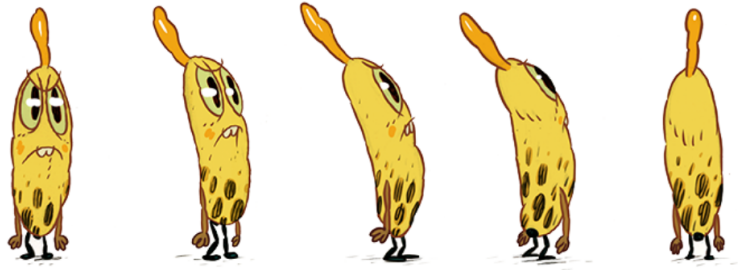

Things Pig likes: Eating pickles, climbing Mount Picklemanjaro, snooping around Cricket's lab and playing with his "toys", his fourth best friend in the whole wide world Angry Old Raisin, Chalawunga Day, fudge bubbles, TV, eating cheese pencils with his sweetheart Delooney Hamshank in his abandoned Apache helicopter...

GOAT!

A bohemian/musician/artist type. She dreams of one day becoming a famous musician and is waiting for that big break. She is kind of bipolar in that one minute she'll be all sweet and nice, and the next she'll be a raging maniac. Some of the things that make her explode: stealing her guitar, calling her music stupid, or messing of her horns.

BANANA!

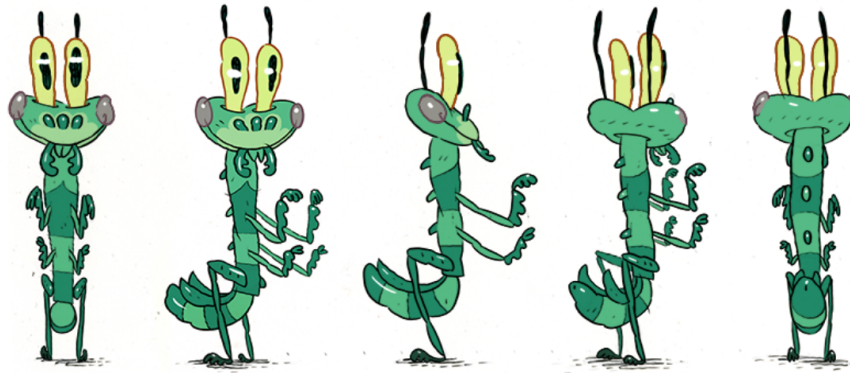

Banana is kind of like the jerky brother of the group. He likes money, attention, junk food, and video games. He's a glory hog and a chore-dodger. He usually takes his roommates for granted, except when some outside force is threatening it. Then he'll snap into action to protect them.

He works as a Forest Ranger yet doesn't really care about nature all that much. It's simply a way to make money to buy tacos and video games. Banana doesn't really know much about nature but likes to pretend he knows it all. He gives the Junior Rangers erroneous information about the forest, which irritates the plants and animals.

Banana's boss at the forest ranger HQ is Ranger Rhino, a tough, hard nosed, no nonsense guy that Banana spends most of the day hiding from. Any misstep and Banana is fired!

CRICKET!

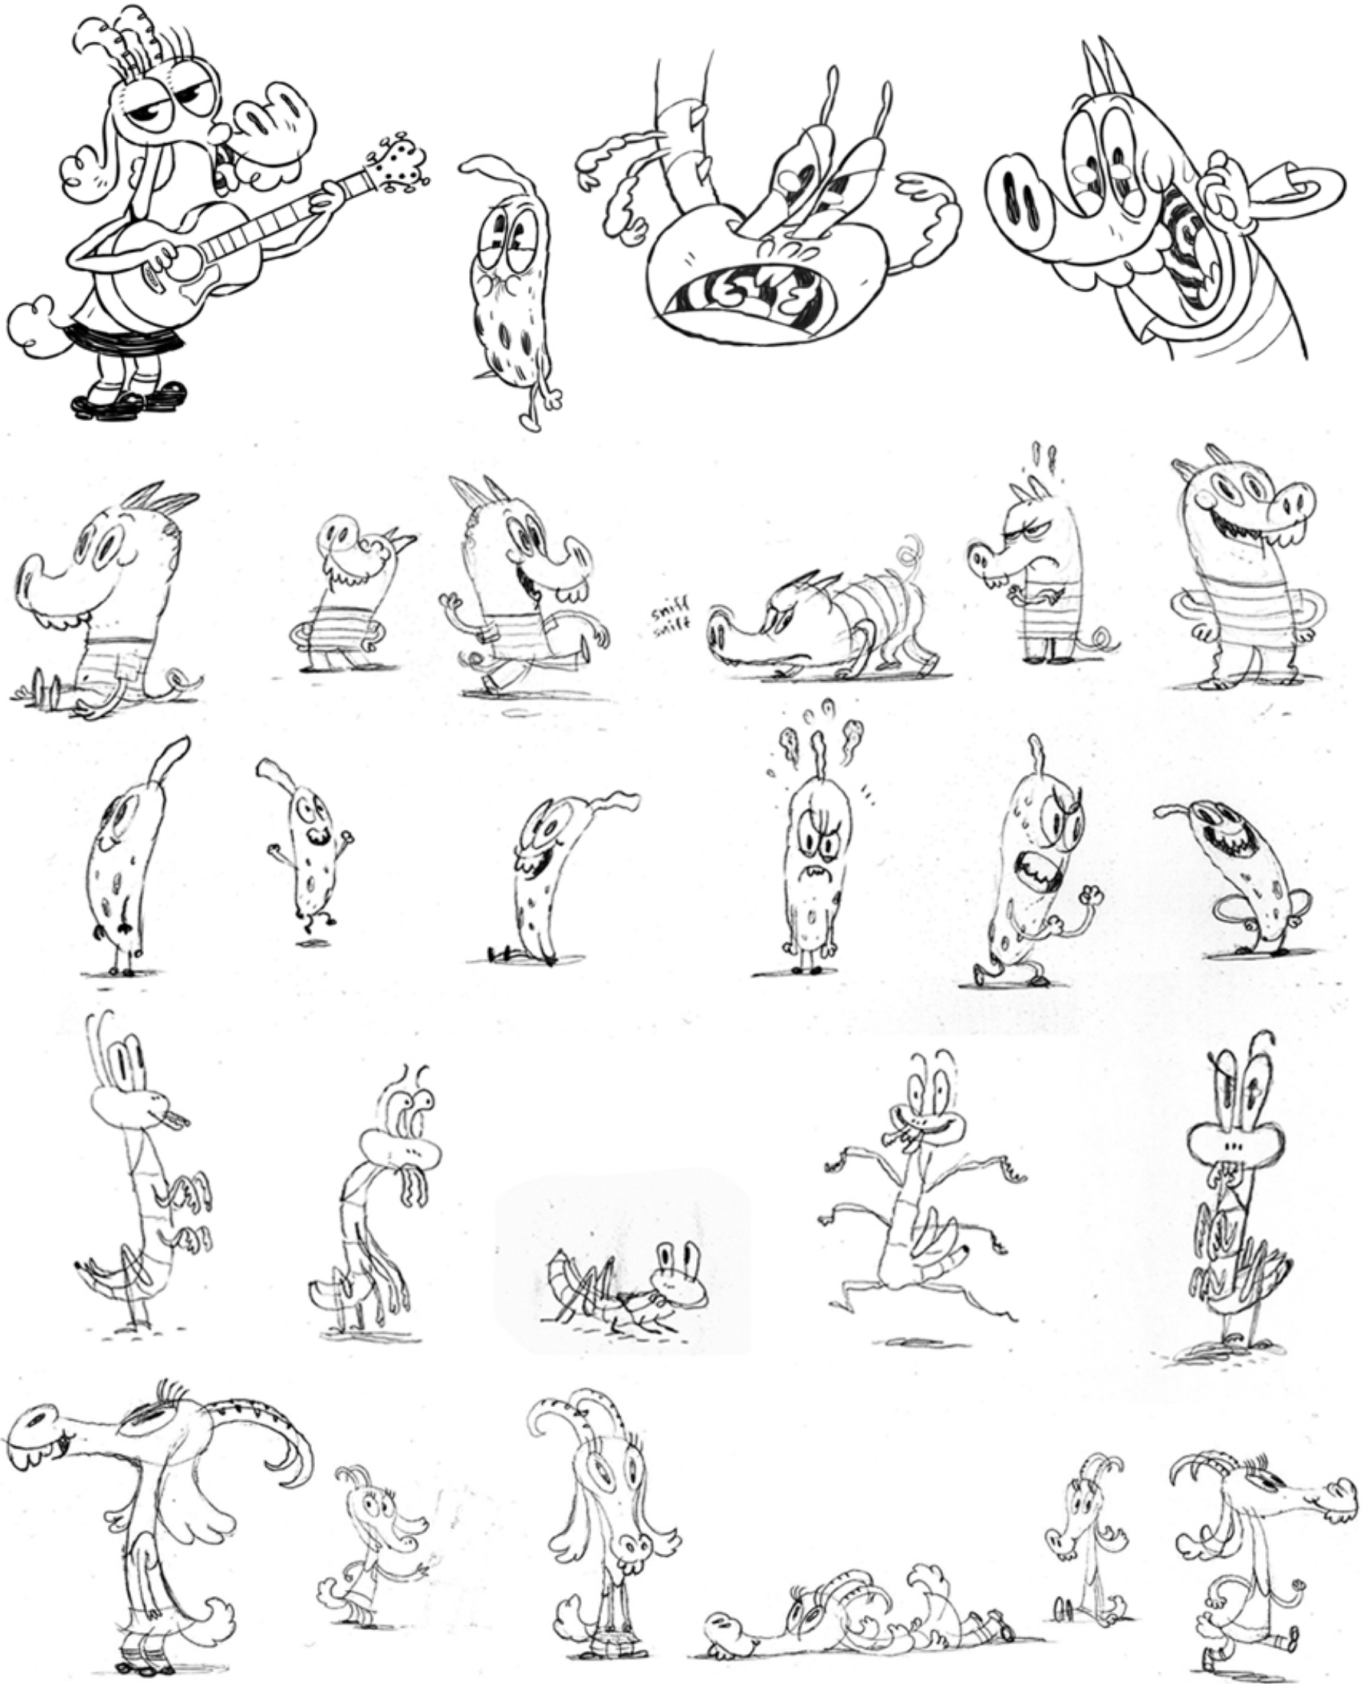

Cricket is insatiably curious about science. He's into the thrill of experimenting but sometimes this comes at the expense of his friends' well being and can be dangerous ("I don't even know what will happen!") It often leads to trouble for him or the group. Sometimes Cricket uses Pig, Goat and Banana as guinea pigs in his experiments without them knowing it – but it's all in the name of Science!

Cricket is always coming up with inventions. Sometimes Cricket will come up with inventions that are cosmic in scope. He has an entire wall of diplomas, certificates, awards, plaques, trophies, attesting to his genius and awesomeness.

Cricket has a crush on Goat, but Goat never realizes it and treats him like a brother. Cricket actually likes her temper and thinks it's adorable.

Places!

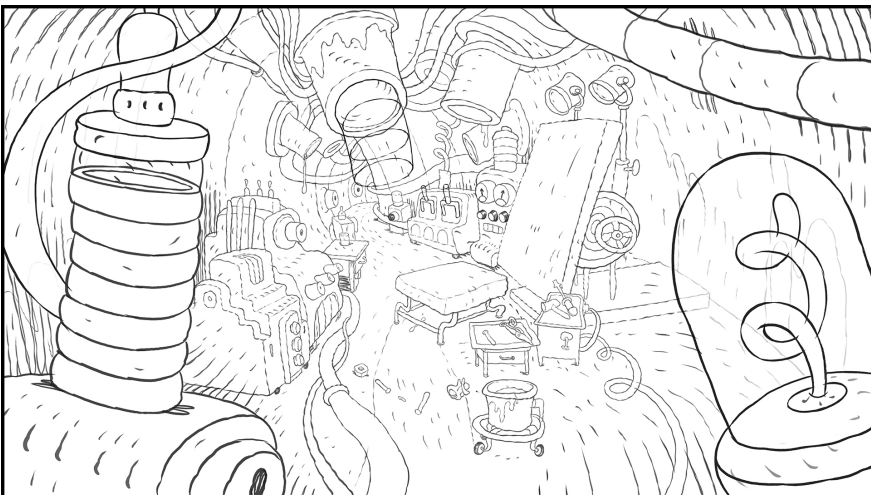

The Treehouse

This is the place where they all live. It is much like Dr. Who's Tardis, apparently small from the outside, but incredibly spacious on the inside. It has all the things most houses have like a cozy living room where Pig, Goat, Banana, and Cricket all hang out together. But it also has a futuristic laboratory where Cricket does all his work. There is a rehearsal space in the living room for Goat to perfect her singing, and four bedrooms that reflect each roommate's personality. The house sits right in the middle of Boopelite City, surrounded by the forest, the sea, and everywhere else they could possibly go.

Cricket's Lab

Head down any tube in the treehouse walls, and you'll end up in Cricket's lab. Be careful, no touching! Cricket is able to dream up his inventions, save (or destroy) the world, and hang out with one of his lab assistants – Burgerstein. Like the treehouse, you can never be too sure how large or small Cricket's lab is.

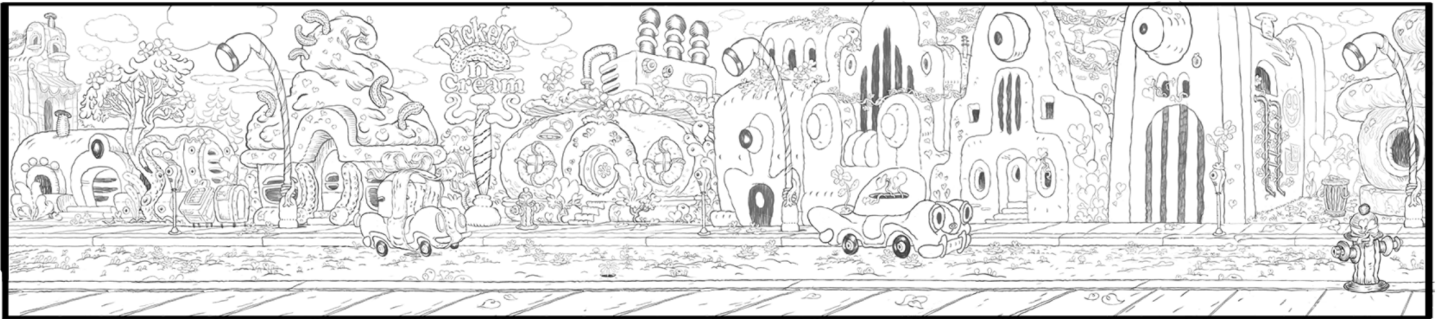

Places!

Boopelite City

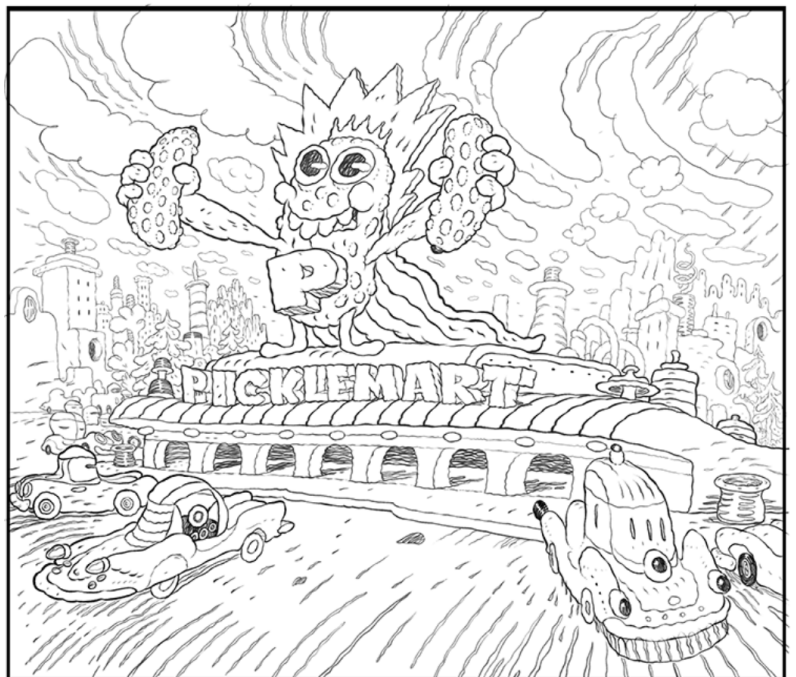

Boopelite City is like one gigantic, whirring Rube Goldberg contraption. Many of the buildings look like archaic clockworks, or 1950s radios.

The streets are constantly teeming with characters of wildly varied description. A lumbering triceratops might walk alongside all kinds of weird cars while ducking the odd flying saucer. Meanwhile the sidewalks are crammed with animals, robots, walking fruit, and sea creatures, to name a few.

Pickle Mart

The one-stop-shop for anything pickled. It's akin to an amusement park with a pickle train, pickle waterfall and Mount Picklemanjaro. It even has it's own mascot, Pickleman. Pig's most favorite place in all of Boopelite.

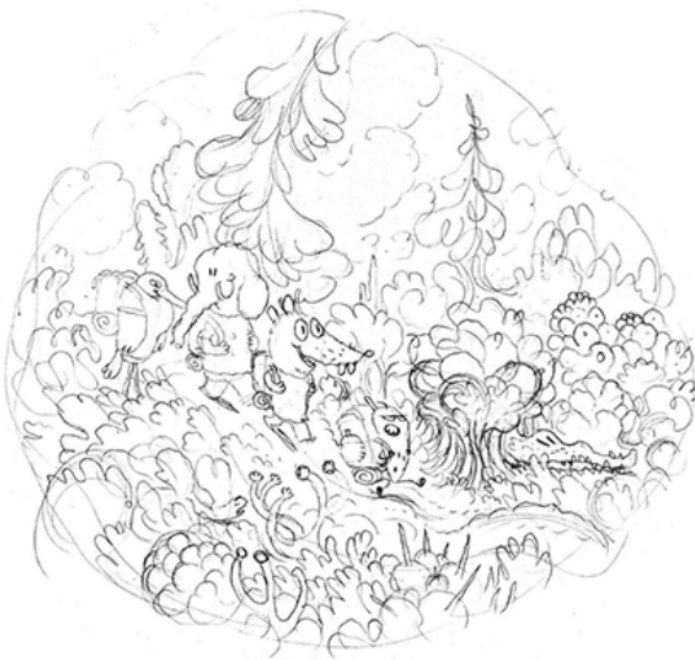

Places!

The Forest & Park Ranger HQ

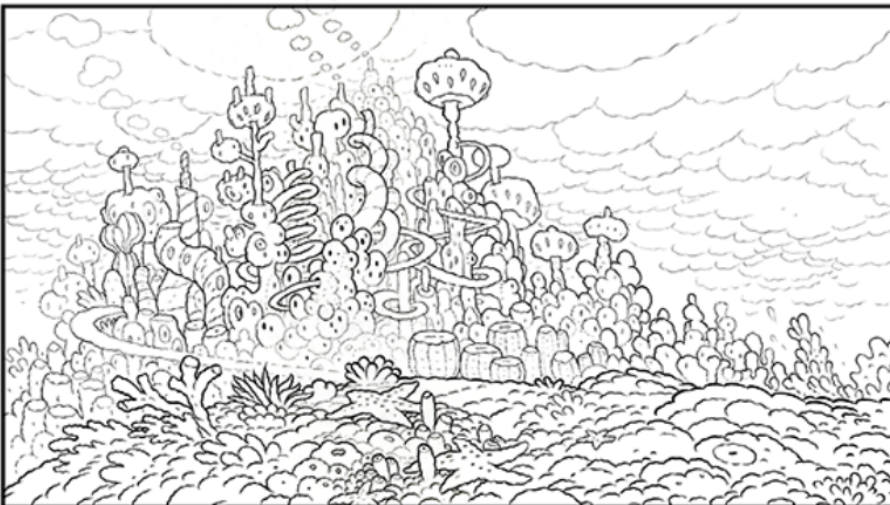

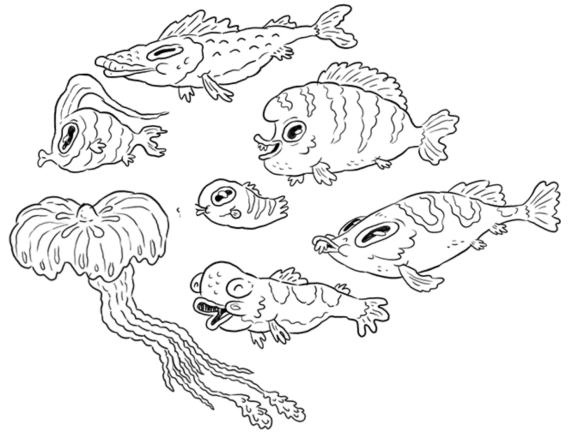

The Forest is a lush, deep petri dish of weird creatures and bizarre vegetation. The life forms in the forest can range anywhere from the simplest, most mundane animals like a chocolate moose, to mind-blowing mythological beasts like the Gunk Knuckler. As Banana is a nature guide, he spends a great deal of time hanging out in the forest and at the Ranger HQ, avoiding work; usually playing video games, and generally goofing off.

Places!

Catlantis

An underwater city located at the bottom of the Sea. Catlantis is a mystical, underwater oasis ruled by Prince Mermeow. His people may not like life under a dictator, but Goat isn't sure. It is also home to the Catlantians, a race of green underwater cat people who always look upon the surface dwellers with great suspicion & contempt.

Places!

Cutesachusetts / Skunkataurachusetts

This Narnia-esc world is divided; one half is the cutest place ever conceived, made entirely of candy with cinnamon roll clouds and is ruled by Lady Primavera Van De Snuggles. The other half is a dark and twisted forest, home to the Skunkataurs. Here it's a constant battle between adorable and thorny.

Big Box Store

This place has it all. When Pig, Goat, Banana, and Cricket need gifts, new shoes, costumes, toys, etc., they can find it at the store with the biggest inventory.

Places!

Presidential Office

The home base of the President of the Planet. At his office he rules over Boopelite with an Iron Fist. But no one knows it.

Other Characters!

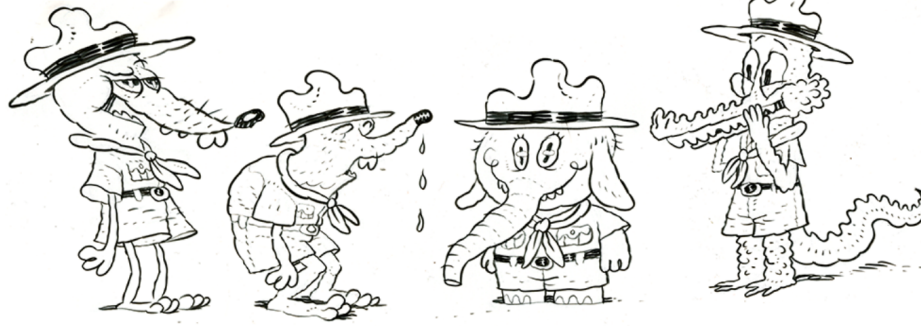

Rasta Rat: He be jammin', mon! You never know when or where he'll pop up. His mellow demeanor is delightful. "That was gnar!"

Armpit Willy: One of Banana's best friends. He's a surfer dude. His armpit hair is his finest commodity: it's great for bungee jumping, grabbing anything out of reach and is as soft as silk. "Armpits that don't quit. Bushy bushy!"

The Junior Rangers: Banana's troop of young go-getters. They are eager to learn the ways of the forest, nature and survival. They each have a name, but Banana refuses to learn them, so he calls them all Greg.

Ranger Rhino: Banana's no-nonsense boss. His wrath is matched by his enormous, intimidating stature. He's more of a yeller than a talker. He's constantly threatening Banana with the words "YOU'RE FIRED!"

Owl Woman Lady (O.W.L.): She is the high society matron foil to our gang's hijinks. She's easily upset and always responds to the gang's insulting antics with a "How dare you!?"

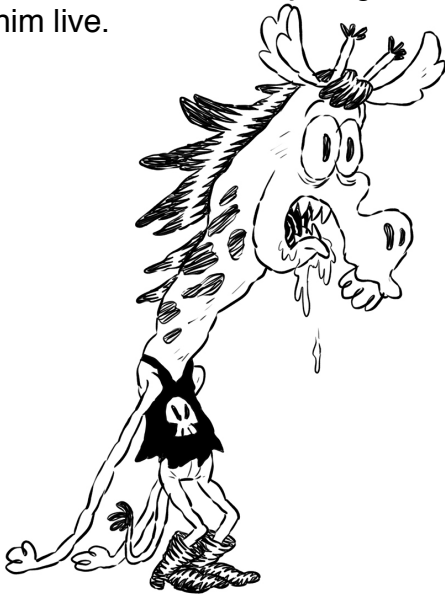

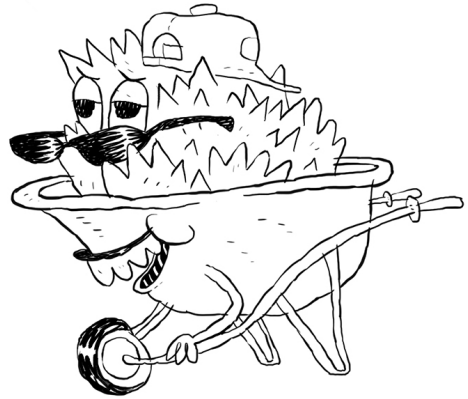

Other Characters!

President of the Planet: The ruler of Boopelite City and the left quadrant of the moon! He may be a little absent minded, but always has the best intentions. He will bestow spoons to the city, and take a vacation here and there to turn a blind eye to chaos.

DJ Wheelbarrow Full of Nachos: A celebrity in Boopelite City. DJ Wheelbarrow is one sick DJ who puts on the best shows. Goat's favorite DJ, and she would do anything to have tickets to see him live.

Psychopath Giraffe: One of the villains of Boopelite city. He'll steal anything that isn't nailed down, runs the Psychomart, where if you can't find a deal, you're insane!

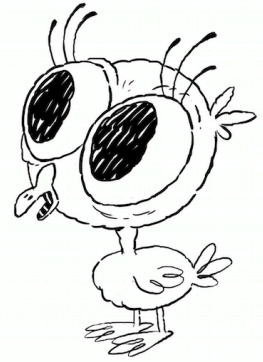

Breakfast Burrito: The other friend of Banana. The Eeyore of the group. Together with Armpit Willy, this trio gets into the schemiest of schemes, always trying to get things done the lazy way or make a quick buck without doing any work.

Thomas Jefferson: Goat's ultimate nemesis. The former president is Newman to Goat's Seinfeld.

Other Characters!

Tiny Goosey: The cutest (girl) in all the land. Whenever she shows up everyone stops what they're doing to go, "Awww!" and watch and comment on her every move. Her very presence gives everyone in a 50-foot radius a warm, fuzzy feeling.

Angry Old Raisin: The gang's neighbor, and Pig's fourth best friend in the entire world. Angry Old Raisin will not let you forget that he's very, very old, and that he would love to do nothing more than relax in his home without distractions from Pig.

Feral Ann: A wild, Tarzan-like girl that lives in the woods. She speaks only in grunts and screeches, eats bugs and tree bark and sleeps in a cave. She's in love with Banana and sometimes swings down from the trees and snatches him off the nature trail so she can bring him back to her cave for some lovin'.

The Hamshanks: Our gang's hillbilly neighbors. What they lack in social grace, they make up for in mean-spirited stupidity. Ma, the two brothers Early and Whirley, Cousin Eel and Baby Hamshank round out the meat cutlet clan, along with Delooney, whom Pig loves.

Other Characters!

Shragger: Angry authoritarian. Part cop, part outlaw, all mean. The Shragger is there to enforce whatever laws he makes up, and only speaks in one-hundred decibel Macho Man-isms.

Prince Mermeow: The selfish, charismatic dictator of Catlantis. He thinks he's a suave, smooth talker and can charm anyone into doing anything for him. But he can't.

Burgerstein: Cricket's beloved lab assistant. He's a beautiful mess who can only communicate in groans and grunts.

Episodes!

PIG GOAT BANANA CRICKET HIGH FIVE! (PILOT)

To the Pickle Mart! Pig's errand to go pickle shopping culminates in an unexpected friendship with a shopping cart and a wild pursuit across town by the merciless Shragger. All the while, Goat struggles to sing her catchy new song, and Banana's job is on the line after he loses his entire troop of Junior Rangers again! Cricket's Beauty Goo experiment beautifies the planet so well that a passing Comet's passionate kisses may just cause the end of the world.

THE CHRONICLES OF CUTESACHUSETTS

After a raging night of partying, the tree house is a catastrophic mess. Now it's time to clean up! Pig, Goat, Banana and Cricket spin the Chore Wheel, and each are assigned a cleaning task that leads to a wild adventure. While scrubbing the toilet, Pig is sucked into the fantastical world of Cutesachusetts, and joins forces with the Skunkataurs, a race of half warriors, half skunk – and must free them from the cutest villain ever: Lady Primavera Van De Snuggles. Goat overcomes her fear of heights (and nickels) to fix the roof, Banana struggles with the simplest task ever -- putting away a jar of peanut butter, and Cricket designs the Suctronic 9000 Super Vac to get rid of the mold. When the three friends discover that Pig has been captured in Cutesachusetts, they must team up in an outrageous winner-take-all drag race to bring their friend back safely.

FUDGE-POCALYPSE

Combine Goat's wish for a bubble made out of fudge, Cricket's super genius inventing skills, Pig's desire to "help" with the science part, and the result is an out-of-control fudge-bubble making machine that engulfs the world in gooey Fudge Bubbles. The four friends brave strange perils and rely on each other to survive the Fudge-pocalypse! Oh, yeah, and Banana gets kidnapped by Pirates on the high fudgy seas!

HAPPY CHALAWUNGA!

It's Chalawunga Day! The biggest Pig Goat Banana Cricket holiday of the year. But when Filthy the Foot fails to deliver a Sparkle Egg on Chalawunga morning, Pig is crestfallen and journeys deep into the sewer to confront the Magical Foot. Banana battles shoppers while trying to get gifts for his friends, and Goat showcases her new song (even though no one asked her to) at the Chalawunga Day parade -- only to get filled up with helium and be turned into a giant float! Meanwhile, to lift Pig's spirits, Cricket invents a mechanical replacement for the missing Filthy. When the mechanical foot short-circuits, it goes on a rampage and begins to destroy the town. The team must rally together, or Chalawunga Day will be ruined forever!
