They both love being Breadwinners, despite the monsters, the danger, and the fact that their world is completely **QUAZY!**

THESE BREAD HEADS REFUSE TO COMPROMISE THEMSELVES IN ORDER TO FIT IN.

No matter the challenge, no matter the odds, no matter what anyone else says, these two quackers always keep their beaks up and their rumps shakin'. So unbridle your enthusiasm, cuz we about to get riDUCKulous!

SWAY SWAY

GET SOME BREAD
UP IN YO BEAK!!

OCCUPATION: Breadwinner a.k.a. Bread Deliveryduck

MOTIVATION: To uphold his unique family tradition of delivering bread, and live life to the fullest.

FEARS: Boredom... and, dare we say it... BEING boring!

FLAWS: Doesn't think things through and bites off more than he can chew.

LIKES: Bread (especially 47-grain!), hanging with Buhdeuce, piloting, loopy loops, swamp ball, party punches, pond surfing, turtle hopping, shaking his boo-taaay.

DISLIKES: Monsters, lava, geese, and party poopers!

NICKNAMES: Sway, QuayQuay, Bap

         He's the rock of the flock! The beacon of freakin'! The leader of the party-punchin' pack! Introducing SwaySway: a lively, impulsive, and wildly optimistic duck who sees every second of every day as an opportunity to shake his tail feathers and deliver finger-lickin' bread to the masses. 

 SwaySway comes from a long line of Breadwinners. These ambitious ducks bravely deliver bread across the planet. Now it's his task to carry on the family tradition. But being a Breadwinner is no easy job. You gotta fly fast, avoid hungry monsters, and be at the top of your game. It doesn't help that he's reckless, irresponsible, and a bit incompetent. 

 SwaySway loves having a good time and can't stand being bored. He does everything he can to defy convention because (a) it's in his blood and (b) deep down he's afraid of becoming his own worst nightmare: a boring duckie! Being a Breadwinner is the one thing that truly defines him. He's proud of who he is, and he wants to keep the family tradition alive. His best bud Buhdeuce is the only one brave enough (or dumb enough) to follow him. 

 SwaySway embraces his inner child and believes you gotta hold on to the thing that makes you – YOU! He naturally gets along with Buhdeuce who basically IS a child. SwaySway refuses to let his bud fall victim to “growing up” and lose what makes him special. So SwaySway actively steers them clear of the status quo, gets them into goofy adventures, and pushes them both out of their comfort zones. By helping Buhdeuce face his fears, he's giving him the strength to hold on to what makes him – HIM! In exchange, Buhdeuce shows SwaySway the value of having a friend to deal with whatever life throws at ya... especially when it's a three-headed pond monster! 

 Because he's full of pride, SwaySway has a tendency to bite off more than he can chew, not think things through, and try to fix things that aren't even broken. But what he lacks in competence, he makes up for in sheer enthusiasm. This is one duck who never gives up. 

 SwaySway might seem like an airhead, especially when he's offering a big loaf of bad advice to Buhdeuce, but don't let that fool ya. This is one clever ducky. SwaySway excels at finding unexpected ways of overcoming obstacles, turning lemons into lemonade with the cluck of his beak. His optimism is inspiring, contagious, and a tad nuts. If he were stuck in a hurricane, he wouldn't flip out. He'd strap wings to his bike and catch some mad air! 

BUHDEUCE!!

YIP!
YIP!!

OCCUPATION: Breadwinner a.k.a. Bread Deliveryduck

MOTIVATION: To be the best bud and co-pilot he can be.

FEARS: Messin' up and gettin' punished.

FLAWS: Temperamental, spastic, and scatterbrained.

LIKES: Bread, hanging with SwaySway, barrel rolls, really loud music, dancing, pond surfing, turtle hopping, juggling, skateboarding, booty kicks.

DISLIKES: Monsters, lava, whirlpools, geese, storms, spiders, the dark, dentists, doctors, parking tickets, clowns, public speaking, stale bread.

NICKNAMES: Deuce, Deucer, Deuski, Bap

This party-lovin', rump-shakin' duck is just as high-energy as his best bud and platonic soul mate. Buhdeuce is an innocent, happy-go-lucky little ducky whose only goal in life is to be the best friend and co-pilot he can be. He might be small, but everything about him is BIG: big heart, big imagination, BIG APPETITE!!! Hide yo bread!!! Nom! Nom! Nom! Nom!

As SwaySway's trusty co-pilot, Buhdeuce is diligent, honest, and loyal... maybe TOO loyal. If SwaySway asked him to jump into the mouth of a monster, he'd do it without a second thought -- or even a first thought. This childlike, kid-at-heart always has a smile on his face and a bounce in his step. Even in tough situations, he keeps his spirits up and his booty kickin'. Forget cloud nine! This friendly guy spends his time on cloud nineTEEN!!!

But like any child, he ain't all sunshine and lilies. Buhdeuce can be temperamental, clumsy, and scatterbrained. If he were juggling three chainsaws and a smelly diaper, he'd likely forget what he was doing in order to tie his shoe. He's also a major daydreamer. His imagination often gets the best of him and won't let go till his best broski snaps him out of it.

Whereas SwaySway is more of a "thinker" (not necessarily a GOOD thinker, mind you!), Buhdeuce is more of a "feeler." This sensitive little dude tends to make decisions with his heart, while SwaySway makes decisions with his brain. If they found a lost baby monster, SwaySway would be the one to come up with an elaborate plan to get rid of the dangerous creature -- Buhdeuce would be the one to want to keep it, raise it, and put it through college. Did we mention he likes to shake his toosh? CUZ HE DOES, CUZ!!!

BIRDS OF A FEATHER ROCK TOGETHER!

These two head-boppin' buds are united by their love of bread. They live together, laugh together, adventure together, even butter their toast together! When it comes to best friends, they are the BESTEST of the BESTEST-EST. SwaySway has seniority as a Breadwinner, while Buhdeuce is still "in training" after many, many years. Buhdeuce looks up to SwaySway like a big brother, while SwaySway treats Buhdeuce like a little brother, offering him protection, guidance, and advice (usually bad advice).

WHAT SWAY OFFERS DEUCE

- 
-  When Buhdeuce gets himself into trouble (like every five minutes!), SwaySway is always there to bail him out.
 -  SwaySway's adventurous spirit encourages Buhdeuce to step outside his comfort zone.
 -  SwaySway teaches Buhdeuce to be more brave and turn negative situations into positive ones.

WHAT DEUCE OFFERS SWAY

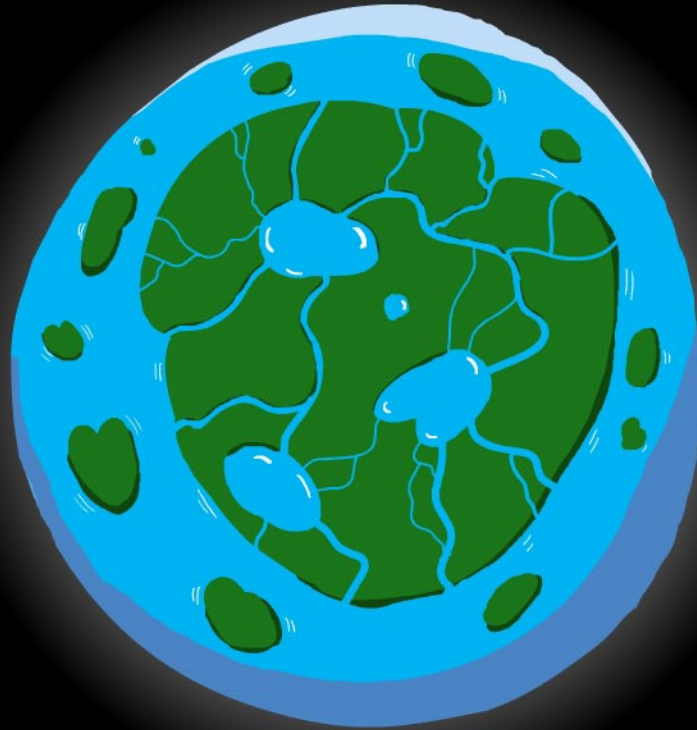

-  When SwaySway's schemes get too out of control, Buhdeuce is there to offer simple, sound solutions.
-  Buhdeuce's friendship and loyalty is a source of comfort for SwaySway, especially when things get QUAZY!!!
-  Buhdeuce teaches SwaySway to be more sensitive and do the right thing.

HOW THEY RUFFLE EACH OTHER'S FEATHERS

Some ducks are divers, others are dabblers. Divers fearlessly dive to the bottom of a pond in search of food. That's SwaySway, confidently diving into crazy new adventures. Dabblers can only skim the surface for food because they have small feet. That's Buhdeuce, not quite mature enough to keep up with his best bud. Sometimes SwaySway leads Buhdeuce too far out of his comfort zone. On the other webbed hand, sometimes Buhdeuce hinders SwaySway by being too inexperienced and awkward. Ain't no thingy-thang, tho! These guys always hug it out in the end cuz they got loaves of love for each otha!

welcome to...

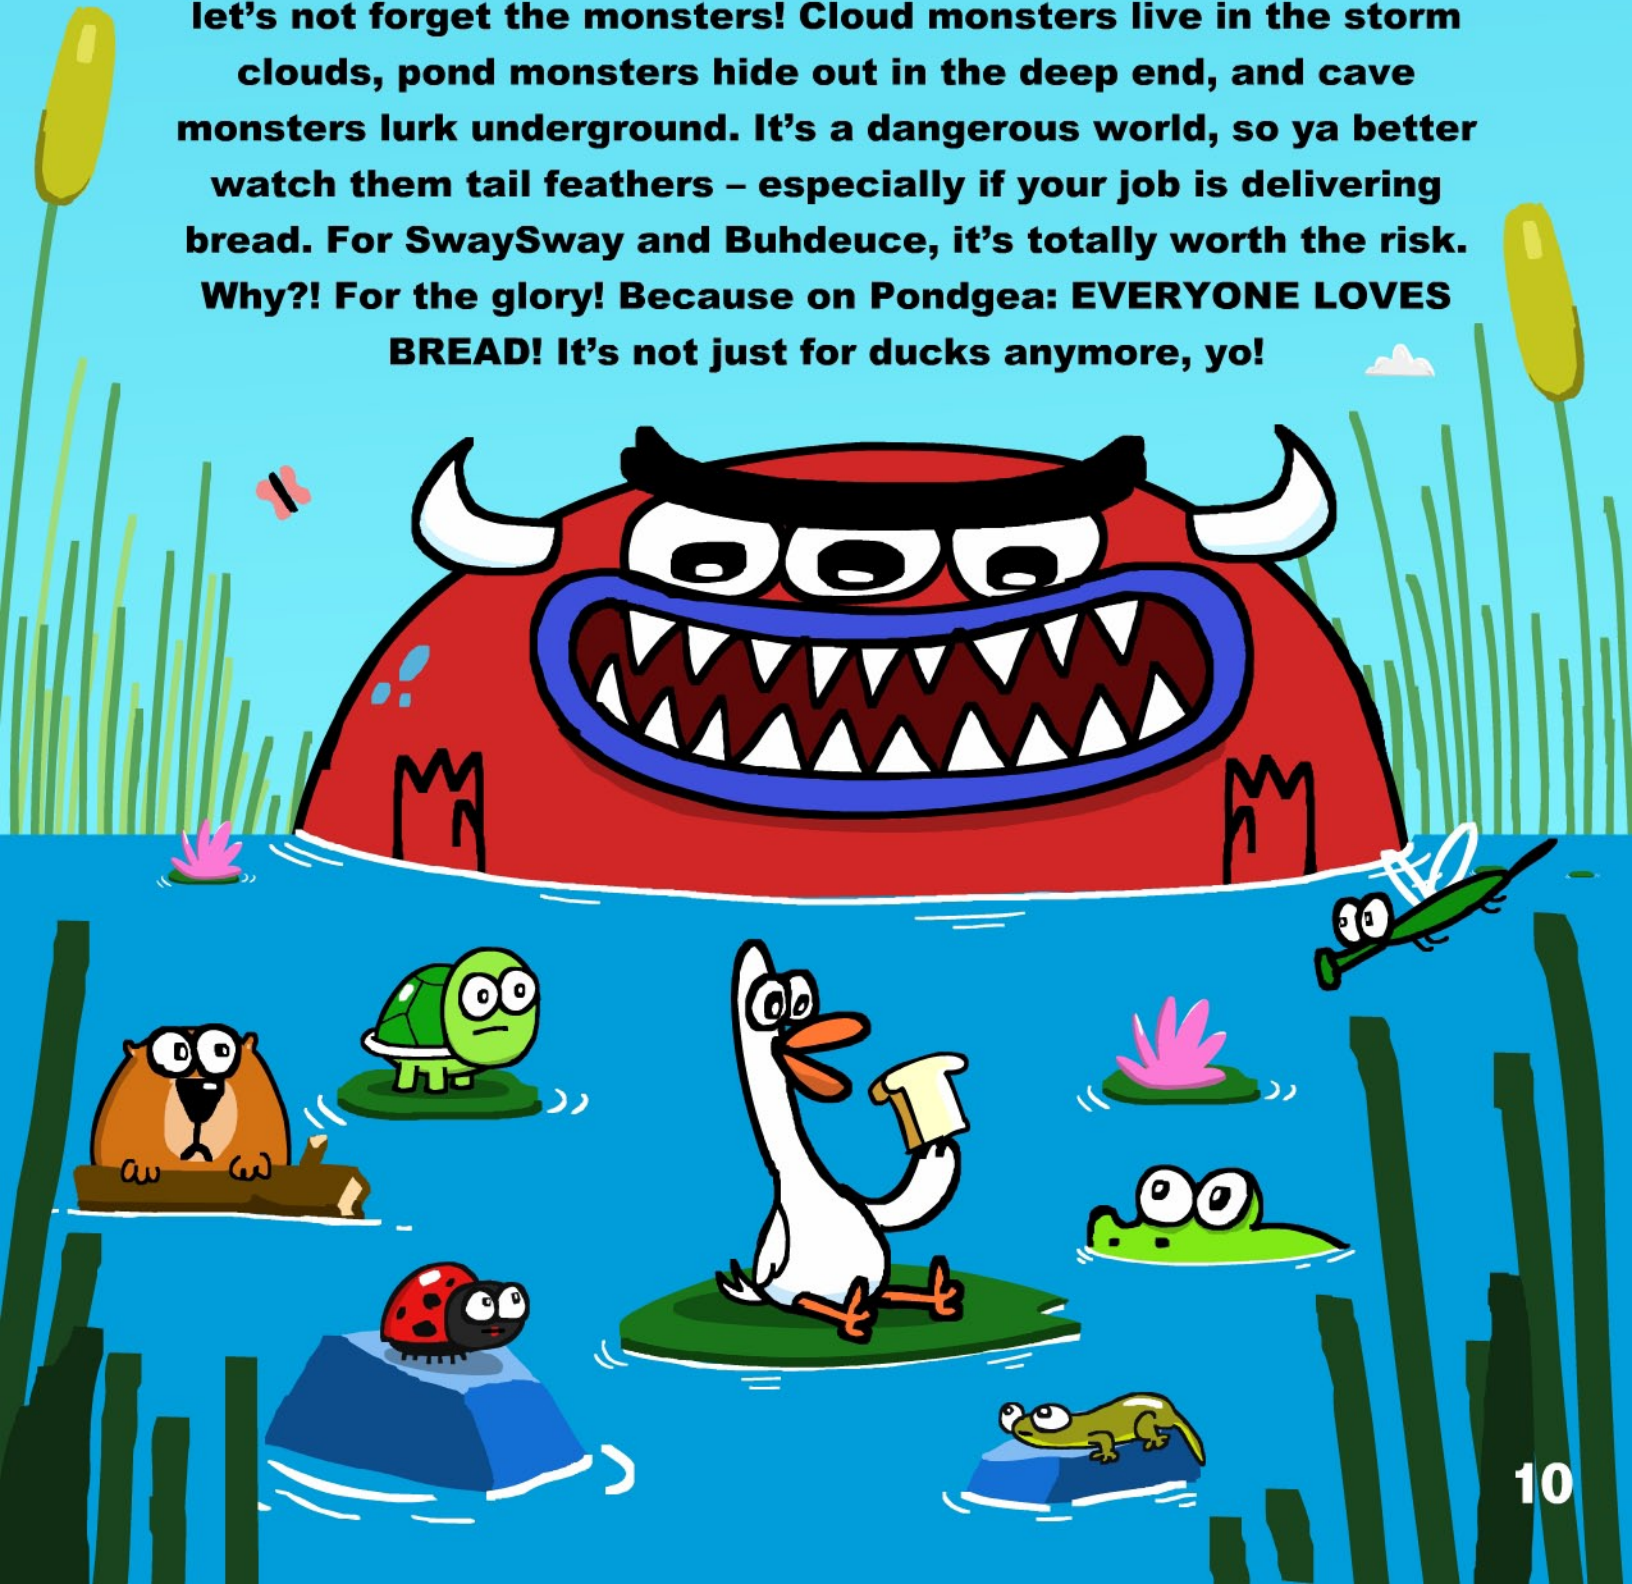

PONDGEA

SwaySway and Buhdeuce live on Pondgea, a watery little planet covered with millions of interconnected ponds, where ducks have naturally evolved as the dominant species. QUACK! QUACK! Here ducks come in all shapes and sizes. You've got ordinary ducks like the ones you'd find on Earth. You've got ducks that act and dress like people, but look and quack like ducks. You've got prehistoric ducks like the D-rex and ptero-duck-tyl. And you've got SwaySway and Buhdeuce, the most evolved ducks of all. And we use the term "evolved" loosely.

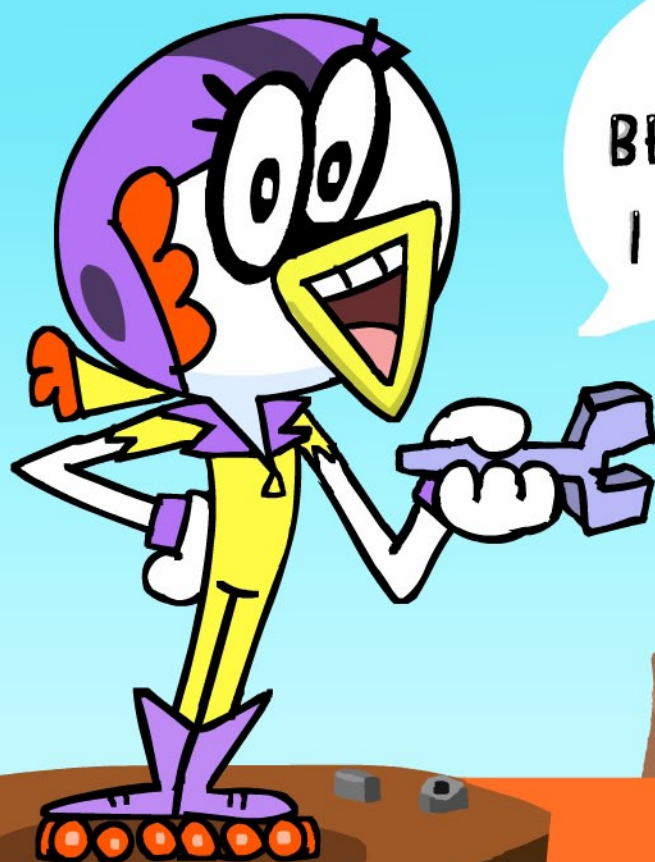

LIFE

Pondgea is a lush and beautiful world, filled with ducks as well as anthropomorphic birds, frogs, beavers, gators, geese, and any other animal you might find in a pond. No meteor ever blasted the dinosaurs out of existence here, so you're likely to cross paths with prehistoric hybrids like the octo-rex or piranha-raptor. And let's not forget the monsters! Cloud monsters live in the storm clouds, pond monsters hide out in the deep end, and cave monsters lurk underground. It's a dangerous world, so ya better watch them tail feathers – especially if your job is delivering bread. For SwaySway and Buhdeuce, it's totally worth the risk. Why?! For the glory! Because on Pondgea: **EVERYONE LOVES BREAD!** It's not just for ducks anymore, yo!

KETTA

Never judge a bird by its feathers... especially Ketta! This quirky swan is anything but graceful. As a mechanic, she loves getting her hands dirty, especially when it comes to fixing the rocket van. Ketta is impulsive, random, and socially awkward. Ain't no filter on this swan's beak. She's also hyperactive. Turn your back for a sec, and she's probably invented a GPS navigation system that speaks in pig Latin. She has a tendency to become easily frustrated, but SwaySway is always there to snap her out of it. A daredevil at heart, Ketta loves to explore and live on the edge, so naturally she's friends with SwaySway and Buhdeuce. Plus, she has rocket skates! How could they NOT like her?!

**I'VE NEVER

T-MIDI

This eccentric owl doesn't just like bread... he LOAVES it! As a bread connoisseur, Talonius C. Midi (a.k.a. T-Midi) is SwaySway and Buhdeuce's number one customer. He's sophisticated, honest, and uptight. This fussy fella has a type-A personality – pretty much the opposite of the carefree SwaySway and Buhdeuce. So whenever they're around, T-Midi is bent out of shape. But since they're the only ones who can supply him with bread, he puts up with their quazy antics. SwaySway and Buhdeuce dig T-Midi and always try to get him to step outta his comfort zone... even if they have to push him!

OONSKI THE GREAT

Look out! This big, brawny Viking beaver loves to raid, pillage, and plunder. With his crew of mindless ducks, he flies around Pondgea in a Viking blimp causing all sorts of mayhem. Not even monsters can stand up to his might. Sure, he's a formidable opponent, but SwaySway and Buhdeuce always manage to outsmart him and get away. His head might be big, but his brain is very, very SMALL! He makes Buhdeuce look like a rocket scientist. Oonski is always looking for a bread mine to raid, a rocket van to commandeer, or a party to crash. Literally. He uses his Viking blimp as a battering ram yo! Also, he's a terrible dancer.

**OONSKI

**VICTORY

**SMELL MY
WRATH!!!!**

**HAHA. YOU ARE
PUNY IN YOUR
MUSCLES.**

THE BREAD MAKER

The maker of bread! The baker of loaves! The yielder of yeast! YEAH BOYEEEE!!! SwaySway and Buhdeuce love this dude. The Bread Maker is wise, authoritative, and super cool. His goal is to help SwaySway and Buhdeuce fulfill their dreams and achieve their maximum potential. His calm, mellow personality contrasts quite a bit with SwaySway's liveliness and Buhdeuce's excitability. The Bread Maker lives in the center of the planet, but he can be summoned by rubbing a special toaster (like a genie in a bottle!). He occasionally materializes to offer his duckling apprentices some sage advice... which they promptly ignore.

RAMBAMBOO

Chief of the Tadpolice! Nothing makes Rambamboo more content than flying around in her jetpack and bringing lawbreakers to justice. She's sharp, serious, and always looking for a reason to bust SwaySway and Buhdeuce. She sees the world in black and white, right and wrong, warty and non-warty. Try talking back to this bossy amphibian, and she'll "shht" you into submission. If you really tick her off, she'll haul you off to Pondgea's notorious prison, Jail Rock, located in the middle of the planet's deepest pond. Secretly, she has a crush on goofy little Buhdeuce. But she'd NEVER admit it. NEVARRRR!!!

JELLY

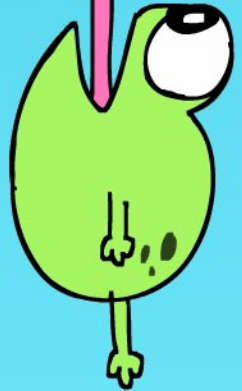

Get ready to get slobbered! This is Jelly, SwaySway and Buhdeuce's friendly pet frog. They named Jelly after her favorite condiment – so don't leave any out, or she'll gobble it up! Sure, she's a few a slices short of a loaf, but what she lacks in smarts she makes up for in heart. Jelly is silly, happy, silly, loyal, and... silly. Jelly lives in a doghouse in front of the Swamp Pad, where she makes for an awesome guard frog, ribbetting at the first sign of danger. It's like they always say: a frog is a duck's best friend!

CIRCLE O' CONFLICT: SWAYSWAY

SwaySway gets along with just about everyone! Well, he tries at least. Here are the character traits most likely to create conflict and humorous interactions between SwaySway and everyone else.

CIRCLE O' CONFLICT: BUHDEUCE

Buhdeuce is a friendly bundle of joy. He's also a bundle of awkwardness. Here are the character traits most likely to create conflict and humorous interactions between Buhdeuce and everyone else.

OTHER ODDBALLS

SwaySway and Buhdeuce encounter all sorts of random peeps, foes, and weirdos on their deliveries and adventures through Pondgea. If you can find it in a pond, then you can probably find a crazy version of it up in here.

RICO MAJAZZ

A cocky pink flamenco who owns the swankiest hotel in Pondgea.

MRS. FURFLE

A motherly firefly who treats her two favorite ducks like baby chicks.

CHUBBY

A cloud monster with a perpetual case of da munchies.

LAVA PEOPLE

A group of creatures with so much love to give, but no way of giving it without burning yo face off.

MR. PUMBERS

A gossipy stork who owns a gas station and knows everything about everyone.

DUCKEROOS

A wild bunch of tribal ducks who ride gators and live by the motto: shoot first, quack questions later.

CAVE LION

An obnoxious former rocker who's always playing his guitar... or playing with yo mind.

ROSE

A belligerent ladybug who hates being called "lady."

THON

A fitness-freak turtle who runs away from his problems... albeit slowly.

NIBBLES

A weird larva that roams the mines nibbling on bread.

VEN

A super positive spider who loves laughing at her own jokes.

BUMMELLA

A high-energy water taxi with a terrible sense of direction.

YONKA

A sensitive mermaid who wants to be liked for her brains, not her brawn.

LIFE GUARD

A surfer dude pelican who has spent so much time in the sun that his brain's a little fried.

PONDA BEAR

A friendly bear who loves tummy rubs and talking yo ear off.

BLACK CAT FISH

A devious black cat fish who offers up a hundred years bad luck for crossing his path.

CAPTAIN CORNELL

An old narcoleptic duck who gives monster-watching tours around Pondgea.

BAPMAN

A nerdy hero who claims to keep Duck Town safe from crime, even though there is no crime.

SCERNER

A psychotic escaped con who will break yo beak if you look at him funny.

CADDY

A ditzy caterpillar who couldn't tell her head from her thorax.

RIGGS

A friendly little monster who'd rather hang with ducks than eat them – much to the dismay of his monster parents.

DORISSA

A super strange chick who blithely collects dangerous monster eggs.

DR. QUACKERS

A mad scientist who's bent on inventing a way to synthetically engineer bread through an experimental process called "baking."

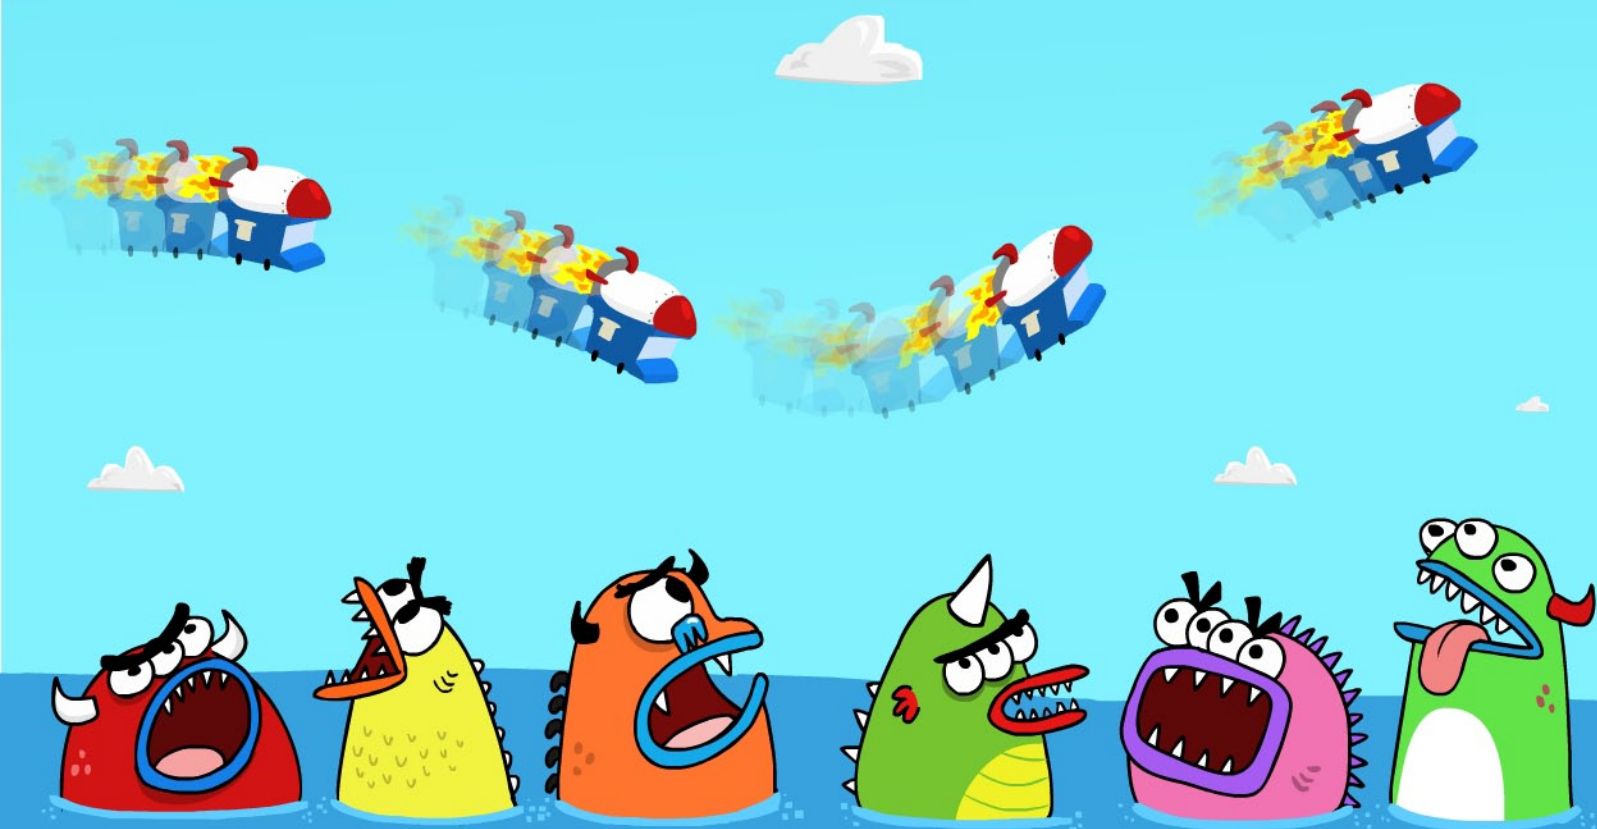

PIRANHA-RAPTOR

A prehistoric piranha that eats anything and everything, especially ducks!

M-M-M-MONSTERS!!

Everyone on Pondgea loves bread... but no one loves it more than MONSTERS! Which makes being a Breadwinner the most dangerous job on the planet. But that won't stop SwaySway and Buhdeuce from getting their bread from point A to point Beak! Monsters are definitely not the brightest bunch. If you had to describe them in three words: dimwitted, dumb, and moronic. If you had to describe them in six words: dimwitted, dumb, moronic, thickheaded, foolish, and dopey. If you had to describe them in nine — oh, you get the idea.

GAGGLE MAPS

As Breadwinners, SwaySway and Buhdeuce fly all over Pondgea either delivering bread or just getting into random adventures. Their travels take them anywhere and everywhere: from Duck Town with its mindless quacking ducks to Tree City with its owls and wild Duckeroos. There's always somewhere new to explore, but often they don't even need to leave their Swamp Pad to get themselves knee-deep in riduckulousness.

VEHICLES

On Pondgea, technology has advanced in silly, random ways, especially when it comes to vehicles. In terms of transportation, flying is the best way to get around this soggy planet. So look out for aerial vehicles like bubble blimps, unicopters, paddle planes, hot air bikes, and the one-of-a-kind rocket van!

SWAMP PAD

Part lighthouse. Part birdhouse. Part hangar. ALL AWESOME! This is where SwaySway and Buhdeuce live large. The dock serves as their airstrip. The hangar serves as their garage. The house on top serves as their living quarters. And their favorite part of the pad: the fireman's pole that leads from the house down to the hangar. Stairs are for squares, yo!!! The Swamp Pad is also home base for their bread delivery business because it's built directly over a bread mine. Yup, a bread mine. On Pondgea, you don't bake bread, you mine it... because the planet's crust is made of BREAD crust!

BREAD MINES

Before they can deliver bread to their hungry customers, they gotta collect it down here in the bread mines under the Swamp Pad. Here you can find any type of bread you can imagine: wheat bread, rye bread, banana-flavored bubblegum bread! They've got the most bountiful mines in Pondgea... and the most dangerous. Go for a ride on a mine cart and you'll run into vertical drops, lava pits, and – gaaaaaasp – cave monsters. Being a Breadwinner is a perilous profession. Sheesh, you'd have to be nuts to do it... or just really, really enthusiastic. Regardless of the danger, SwaySway and Buhdeuce love what they do. It's their dream job! They get to have adventures. They get to make people happy. And they get to run their own business. No boss equals awesome sauce!

DUCK TOWN

This is a frequent stop for SwaySway and Buhdeuce! They come here to deliver bread to happy-quacky ducks. They also swing by when they need to head into town, whether it's for a haircut at Feather Cuts, groceries at the Quack-E-Mart, or a checkup at the Ducktor's Office. In Duck Town, silly ducks waddle to and fro, content with their ordinary lives. But not SwaySway and Buhdeuce. Nuh-uh. They like to do their own thing. (Well, SwaySway likes to do his own thing – Buhdeuce just likes to do what SwaySway likes to do.) These feathalickas totally stand out from the flock!

TREE CITY

In a world made up of ponds, you'll find lilypads the size of football fields, forests of giant cattails, and swamps spanning hundreds of miles. One such swamp is Tree City! It's home to SwaySway and Buhdeuce's number one customer, T-Midi, who lives high up in a tree house. Too bad he's afraid of heights... and practically everything else in Tree City. In his defense, there's a lot to fear in Tree City, especially the Duckeroos, a band of wild ducks who ride gators and keep T-Midi living in a constant state of: AAAHHHHHHH!!!

VOLCANO VALLEY

Look out for falling lava! This is Volcano Valley, easily the most dangerous place on Pondgea. It's home to explosive volcanoes, ferocious dinosaurs, treacherous lava people, and... a swan?! Yup. This is where Ketta lives. SwaySway and Buhdeuce's friend and mechanic ain't afraid of nothin' – especially not a few razor-sharp teeth or thousand-degree molten rock. In fact, she loves it. The volcanoes and valleys form the perfect half-pipe for this daredevil to rip it up on her rocket skates!

KETTA'S AUTO-TUNE-UP

When the rocket van needs a tune-up, SwaySway and Buhdeuce bring it to their good friend and mechanic, Ketta. She lives in Volcano Valley, where she operates an auto repair shop. She can fix anything, even a broken transglickerometer – and those things don't even exist! Oh, and she has a super awesome tagline: “If your auto's busted, you AUTO bring it to Ketta.”

OONSKI'S BLIMP

The only thing more dangerous than a Viking ship... is a Viking BLIMP! This bad boy can float on the water or fly through the sky, making it the perfect vessel to raid, pillage, and plunder. Oonski's crew consists of mindless ducks. They have the dubious honor of swabbing his deck, ironing his loincloth, and painting his portrait over and over again. If they're super lucky duckies, Oonski might even use them as projectiles and shoot them out of a cannon!

PUMPERS

When SwaySway and Buhdeuce need to take a pit stop, they swing by this gas station in the sky to fill 'er up. On Pondgea, vehicles run on fossil fuels. Emphasis on FOSSIL! The fuel is made from the actual bones of monsters and dinosaurs.

LUH-LUH-LUH-LUH-
LEVEL UP!!!

"BIKER DUCKS!!"

When the going gets tough, these ducks don't just get going... **THEY LEVEL UP!!!** If SwaySway and Buhdeuce are in danger, or if they face a difficult situation, they can call upon some super sweet powers for help. First, they shout out "Luh-luh-luh-luh-level up!!!" Next, they shout out the type of duck they want to transform into: Biker Ducks, Detective Ducks, Fancy Ducks, Muscle Ducks, Dishwasher Ducks, or whatever type of duck would be useful in their situation. When they transform, their costumes change and sometimes their bodies squash or stretch. It's like in a videogame when a character powers up after collecting a special item. For instance, if they were stranded on a volcano in the path of a lava flow, they might shout out "Surfer Ducks" and then surf the lava down to safety. If they were trying to get into a girls-only party, they might shout out "Lady Ducks" and suddenly be dressed up like ladies so they could gain entrance. When SwaySway and Buhdeuce level up, there ain't nothin' gonna stop them!

SPECIAL MOVES

SwaySway and Buhdeuce don't just have dance moves... they also have "SPECIAL MOVES." These premo moves come in handy for SwaySway and Buhdeuce when they need a simpler solution than leveling up. Like videogame characters, they can bust out one of these sweet moves on their own... or co-op style! Here are some examples:

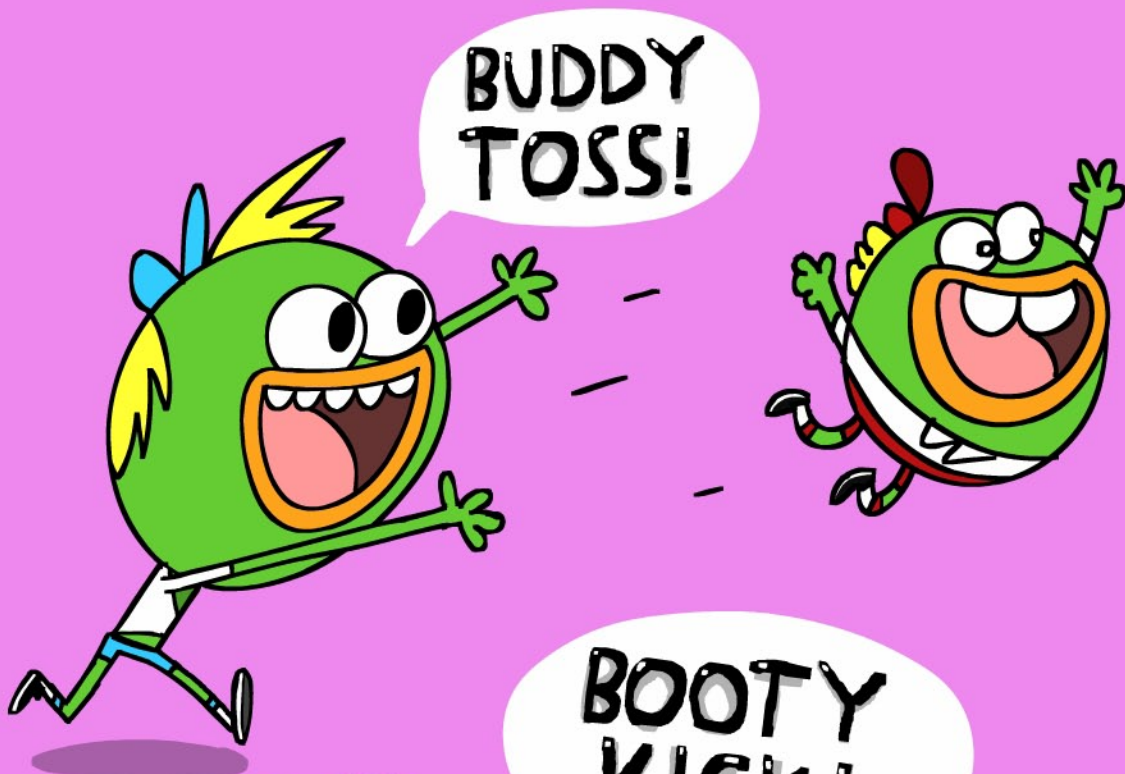

SHOE
ATTACK!

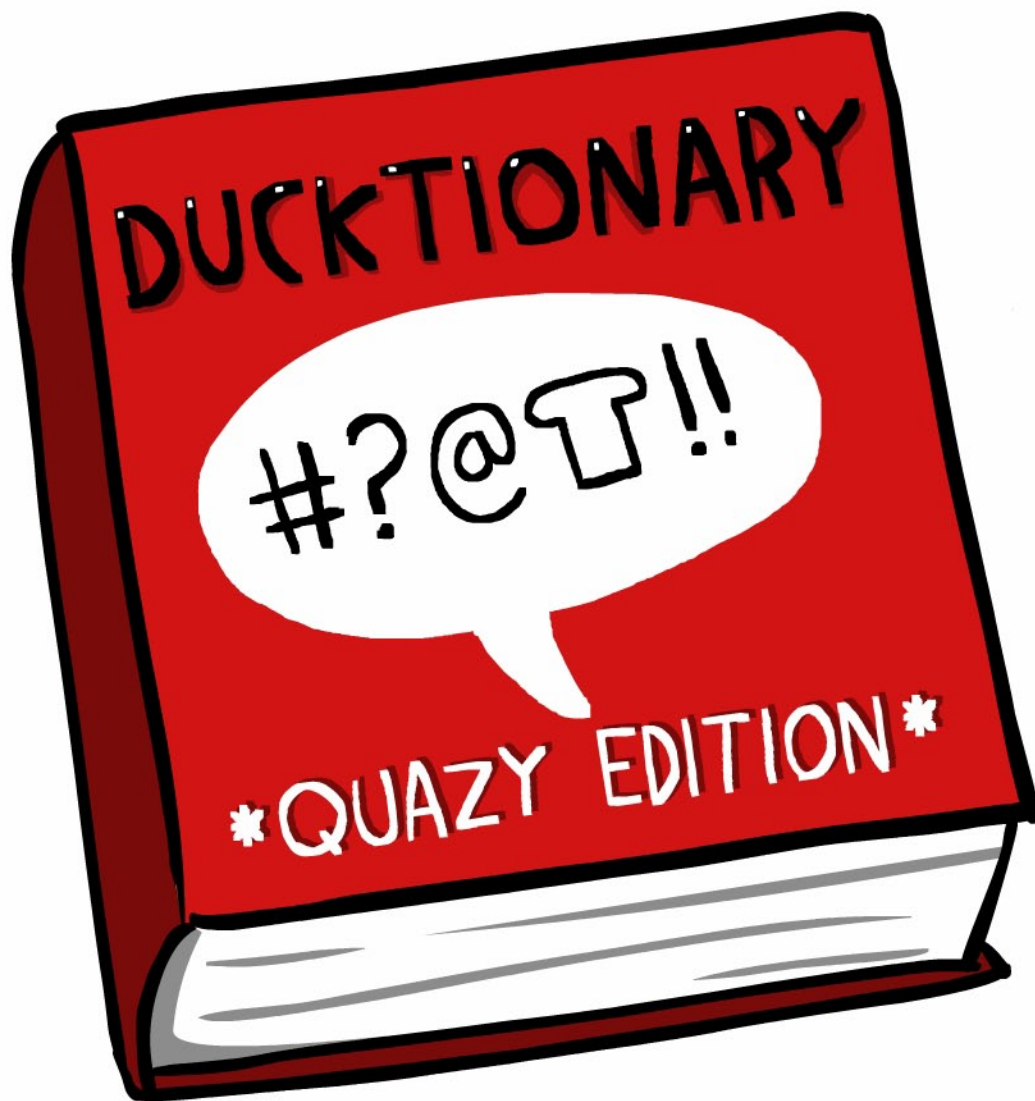

SIX PACK
PUNCH!

DUCKBALL!

SwaySway and Buhdeuce are burstin' with energy – and so is their language! They constantly use silly slang, drop stupid puns, and say bizarre stuff that vaguely sounds like something a duck might say. You never know what's gonna come outta their beaks! Each of them has their own particular style of communication, too. SwaySway is a fast-talker, who's always ready with a smooth response – even if it's a completely ludicrous one. Buhdeuce is awkward and blunt, so he often speaks in a clunky way. The duck puns and slang generally don't serve as the punch line to a joke. They're more conversational, buried within the dialogue in a nonchalant way. It's just the way they talk yo! Here's some stuff you might hear them say:

BEAK SPEAK

- ☀ **Quazy:** crazy; “Look at those Biker Ducks trashing that car. They’re quazy!”
- ☀ **Bap:** a term of endearment; what SwaySway and Buhdeuce call each other; variations include: bapper, bapski, baperoni, baps; “Good morning, bap!”

- ☀ **Booty kick:** a butt thrust used to knock things over; Buhdeuce’s favorite “special move.”
- ☀ **Awes-boss / Awesomazing / Awesorific:** awesome + whatever; an exclamation used by SwaySway to describe something that’s beyond awesome.
- ☀ **Yeah boyeeee!:** a celebratory exclamation most often used by Buhdeuce.

- ☀ **Buckle up, ducky!:** buckle up.
- ☀ **Ponday:** the day after Sunday and the day before Monday, when folks do all the things they put off doing the rest of the week; on Pondgea there are 8 days in a week; “I don’t have time to do it today. I’ll do it on Ponday.”
- ☀ **Duck hugs!:** shouted out before hugging someone.
- ☀ **For geese’s sake:** for goodness’ sake.
- ☀ **I’m toast / We’re toast:** I’m a goner. / We’re goners.

THE BREADWINNER MOTTO

- ☀ **No matter the challenge, no matter what, we always deliver and never give up.**

THE BREAD HOTLINE

- ☀ **Every time SwaySway and Buhdeuce answer the Bread Hotline in their Swamp Pad, they offer a different greeting to customers. For example: “Hello, Breadwinners, delivering bread up in yo beak, eight days a week!”**

SWAYSWAY QUIRKS

- ☀ **No matter what type of bread is mentioned, SwaySway will always respond with: “Mmmm, my favorite.” Forty-seven grain. Mmmm, my favorite. Bubblegum rye. “Mmmm, my favorite.”**

BUHDEUCE QUIRKS

- ☀ **Buhdeuce loves to call out his own action. For example, if he’s running across the room doing jumps, rolls, cartwheels, and flips, he would shout out: “Ninja roll! Somersault! Cartwheel! Flip!”**

EPISODE IDEAS

"THUG LOAF"

It's another beautiful day delivering bread... until SwaySway and Buhdeuce have to make a delivery to the bad part of Duck Town. Never one to back down from a challenge, SwaySway convinces Buhdeuce that they have to do it. After they make the delivery, SwaySway accidentally locks the keys in the rocket van. And to make matters worse, the rocket van is equipped with all sorts of anti-theft contraptions. The only ones who can help them break into the rocket van are a gang of Biker Ducks. So the guys "level up" into Biker Ducks to befriend them and get their help. But when Buhdeuce inadvertently becomes the new leader of the Biker Ducks, they'll have to ditch the gang lickity split.

"FROG DAY AFTERNOON"

They say you can't teach an old frog new tricks. Fortunately, SwaySway doesn't know the meaning of the word "can't." After much effort, the guys teach their pet Jelly how to fetch. But then Jelly fetches a monster egg! SwaySway tries to throw it away, but Jelly keeps fetching it. And then it hatches. Out pops a baby monster. Buhdeuce convinces SwaySway they have to take care of it. It's a major handful! And then the mama monster shows up promising to eat whoever took her baby. SwaySway stalls the mama monster while Buhdeuce hides the baby monster. But Buhdeuce hides the baby monster too well. The mama monster flips out and goes on a rampage. Jelly saves the day by fetching the baby monster and reuniting it with its mama.

"LOST AT POND"

When SwaySway and Buhdeuce run out of gas in the middle of a gigantic pond, they become stranded in monster-infested waters. Buhdeuce is terrified of monsters, so SwaySway makes up a lie that there are no monsters in this particular pond in order to calm him down. But when monsters begin showing up, SwaySway has to prevent Buhdeuce from noticing them; otherwise, Buhdeuce will be terrified AND devastated that SwaySway lied to him. SwaySway's lie eventually gets him into really hot water when Buhdeuce decides to go for a swim because he's under the false impression that the water is safe.

“EMPLOYEE OF THE MONTH”

SwaySway decides to improve morale with his workers by giving out an “employee of the month” award – even though Buhdeuce is his only employee and morale is fine. But when SwaySway gives the award to the rocket van, Buhdeuce pledges to work even harder... by never sleeping again. As he gets more and more sleep deprived, he messes up their deliveries and starts hallucinating that the rocket van is taunting him. When he comes to his wits’ end, Buhdeuce sings a ballad about why being a Breadwinner is so important to him (with the rocket van playing piano). SwaySway is so impressed by the song that he gives Buhdeuce an even BIGGER award.

“THE CHOSEN BAP”

SwaySway and Buhdeuce are mining bread when they unearth the most mythical of all breads: a golden loaf! Unfortunately, it’s stuck in the cave wall. The Bread Maker shows up and explains that only “the chosen bap” can dislodge it. SwaySway, who comes from a long line of Breadwinners, thinks it must be him. But neither he nor Buhdeuce can pull it out. SwaySway becomes obsessed, making increasingly ridiculous attempts to get it loose. In the end, SwaySway and Buhdeuce pull the golden loaf out together. Turns out they’re the chosen BAPS! Plural! Together their powers are released! But by dislodging the loaf, they unplug a lake of lava and now their feathers are gonna get fried if they don’t hightail it outta there.

“BROCRASTINATION”

The dishes have been piling up... FOR FOUR MONTHS! So they summon the Bread Maker to ask for his advice. He tells them the obvious: do the dishes, DUH! But they both HATE doing dishes so they procrastinate by one-upping each other with excuses. SwaySway says he has to exercise. Buhdeuce says he has to make his bed. SwaySway says he has to fix the computer. Finally, they compromise: Jelly can do the dishes... by licking them clean! But the dishes are SO dirty that a Bacteria Blob emerges and gobbles up Jelly. Now SwaySway and Buhdeuce have to “level up” into Dishwasher Ducks to save their pet. They strap a giant sponge to the undercarriage of the rocket van and scrubadubdub that Bacteria Blob out of existence.

“DECKED DUCKS”

It's just your average day as Breadwinners: flying the rocket van, delivering bread... and getting chased by a dozen monsters hungry for those loaves! Fortunately, Oonski shows up and rescues them. What can they ever do to repay him? A LOT, that's what! Oonski has a long list: swab the deck 7,832 times, scrape every barnacle off his blimp's hull, shave his back hair (and there's a lot of it!). At this rate, they'll be stuck on his ship forever! The only way to pay off the debt early is to save Oonski's life. So they make a deal with a monster: they'll give the monster a bunch of bread if the monster pretends to attack Oonski so they can save him. But the monster betrays them and really DOES attack Oonski! Now SwaySway and Buhdeuce have to save Oonski for realz.

“BEACH DAY...OF HORROR”

SwaySway and Buhdeuce head to the beach on their day off. But when they get there, they discover it's closed due to a sea monster sighting. Bummer, right?! WRONG! They've got the whole beach to themselves! Buhdeuce thinks they should go home, but SwaySway convinces him to stay. All they have to do is not set foot in the water. The monsters try to trick them into entering the water, but no one's dumb enough to fall for that... well, except for Buhdeuce. SwaySway has his hands full keeping his naive buddy from waddling into the water and gettin' gobbled up. Then when SwaySway falls asleep and wakes up to discover Buhdeuce missing, he now must brave the monster-infested waters himself to find his little buddy.

“BUHDEUCE GOES BERSERKS”

Buhdeuce needs a haircut! But he doesn't want one 'cause he's afraid the barber will mess it up. His hair is so long it gets tangled in the rocket van's levers, so he finally caves and they go to Feather Cuts. The Barber totally botches his haircut, sending Buhdeuce into berserker mode. He grows fifty feet tall and rampages through Duck Town, until wearing himself out and shrinking back down. Every time he sees his reflection (in a mirror, store window, pond), it triggers his berserker mode. SwaySway has to keep Rambamboo from nabbing Buhdeuce, while trying to prevent Buhdeuce from seeing himself. And that won't be easy when Rambamboo starts hanging up wanted posters all over town with photos of Buhdeuce – and his bad haircut!

“FUNKYBEAKS”

When SwaySway and Buhdeuce fly over a “sparrow siren,” she hypnotizes them with her beautiful singing... and then eats all of their bread. Yikes! It happens again and again. SwaySway is too proud to do the sensible thing and fly around her. Instead, he decides they should form a band so they can drown out her singing with their sick riffs. They name their band Funkybeaks and begin practicing, with SwaySway on lead guitar and Buhdeuce on bass (as in the fish!). But forming a band will soon test their friendship as fame and fortune go to their heads and make them forget why they formed a band in the first place... **TO DELIVER BREAD!**

“DON'T DRINK THE POND JUICE”

SwaySway needs some R&R so they head to a resort. SwaySway warns Buhdeuce not to drink the pond juice or he'll get sick – and that would ruin the whole vacation! But Buhdeuce falls asleep on an inner tube in the hot sun and wakes up dehydrated. So he guzzles down a glass of dirty pond juice. He gets sick, but doesn't want to ruin SwaySway's much-needed vacation, so he hides the fact that he's sick. It's not easy, especially when SwaySway surprises him with a day full of pondsurfing, gyroscope rides, and a milk & bacon lunch. Buhdeuce suffers through it all. When SwaySway finally finds out the truth, he's touched that Buhdeuce would go to all that trouble so he could enjoy his vacay. That's what best baps are for!

“I LOAF YOU”

While mining bread, SwaySway and Buhdeuce discover the fabled “love loaf.” It's a special type of “wry” bread that makes you fall in love with the first person you see after eating it. Buhdeuce takes a bite and blindfolds himself, pledging to wait until he meets Mrs. Right. SwaySway wants to feed the love loaf to his longtime crush, Jenny Quackles, so that she'll fall in love with him. Jenny is at a girls-only summer camp, so SwaySway and Buhdeuce “level up” into Lady Ducks to get in. But when SwaySway tries to feed Jenny Quackles the love loaf in a game of spin the bottle, he accidentally feeds it to every other duck. SwaySway and Buhdeuce race back to the bread mines to find the anti-love-loaf before they're chased down by a flock of love-struck ducks.

“T-MIDI THE TIMID”

SwaySway and Buhdeuce discover their number one customer, T-Midi, hasn't left his treehouse in months. They try every trick in the book to get their timid buddy out, but he just feels safer indoors. They promise nothing bad will happen if he takes one step outside. So he takes one step, crashes through the porch into the swamp, and gets dragged off by a tribe of Duckeroos. Uh-oh. They promised nothing bad would happen and now look! So they infiltrate the Temple of the Duckeroos, where T-Midi actually likes his new digs – a prison cell! The perfect place to be safe from the outside world! SwaySway and Buhdeuce discover that the Duckeroos plan to sacrifice him to the swamp gods. They'll have to earn his trust again to convince him to escape.

“TRANSFEATHERMATION”

AHH! SwaySway gets bitten by a rabid duck on a delivery! The next morning he discovers a feather growing out his chest! WHAT THE DUCK?! He plucks it out. But another pops out in its place... and another... and another. He's transforming into an ordinary duck! His worst nightmare! He's so embarrassed that he hides it from Buhdeuce by staying in bed, covering himself with heavy clothes, and locking himself in the bathroom. But he grows so many feathers that Buhdeuce finds out. As SwaySway becomes more duck-like, he becomes more wild, forcing Buhdeuce to take the lead. With Ketta's help, they discover the cure: molting. But how can they molt feathers like these? With **MOLTEN** lava!!! Time to fly the rocket van into a volcano!

“ONE-EYED PEEKABOO”

When SwaySway and Buhdeuce try to make one final delivery before the sun sets, they're forced to stay at a customer's house for the night. Buhdeuce begins to think the customer is a psychotic escaped convict known as One-Eyed Peekaboo. SwaySway just thinks his buddy's imagination is running wild again. He tries to keep the peace so as not insult their generous host. But when other notorious criminals start showing up for a dinner party, SwaySway freaks out, too, and they end up ruining the dinner party. Turns out it was just a “theme” dinner party and they're all **DRESSED UP** like criminals. Which SwaySway and Buhdeuce would have known had they been listening. 'Cause their host told them like thirty times!

“CUTENESS OVERLOAD”

SwaySway and Buhdeuce love being best friends! They want Jelly to experience best friendship, too, so they decide to get a second pet. Since they don't have enough money to BUY one, they go into the wild and find a cute Ponda Bear. She and Jelly become instant BFF's! The Bread Maker warns them to take caution: Ponda Bears are dangerous. They ignore the Bread Maker, and feed the Ponda Bear breadcrumbs, which cause Ponda Bears to spontaneously multiply... and multiply... and multiply. Soon SwaySway and Buhdeuce are up to their necks in cuteness. They approach a little-known phenomena known as “cuteness overload.” Everyone will be blown to bits! They need the Bread Maker's help. But he won't help until SwaySway does the thing he hates most: admit he was wrong.

“CUSTOMER DISSERVICE”

The key to being a successful Breadwinner: good customer service! That's why they've got five out of five stars on yilp-reviews.com. Now it's time for Buhdeuce to practice his customer service skills. But Buhdeuce is super awkward and accident-prone. SwaySway coaches him during a delivery, but Buhdeuce gets confused, says “good afternoon” when he should say “you're welcome” and then sneezes all over the customer. Their online rating plummets to four-and-a-half stars. SwaySway's ego can't handle it. He insists on returning to the customer over and over until the customer gives them a positive review. Buhdeuce keeps messing up in ridiculous ways, and their rating keeps going down until SwaySway finally just lets Buhdeuce do it his own way.

“STANK BREATH”

When Buhdeuce carelessly chomps down on some gnarly Stank Bread, he gets stunningly awful breath. This messes with the guys' breadwinning biz, as it totally makes customers gag. SwaySway tries to help him get rid of it, but nothing can cure it! They summon the Bread Maker who tells them his beak will fall off unless they find the antidote: the very rare Minty Wintergreen Bread. They head into the mines, Buhdeuce uses his stank breath to fend off cave monsters, and they find the last slice of Minty Wintergreen. After eating it, Buhdeuce burps, causing a stankalanche, which transforms into a stankasaurus, which attacks them. They throw loaves of stank bread into its mouth and it implodes on its stankiness.

AWES-BOSS!!

YAYY!!
