FUN FACT

The genesis of PGBC first started when Dave Cooper & Johnny Ryan created a comic called "Cupcakes of Time" for Nick Magazine. The comic featured a Pig, a Banana and a Robot.

A show about 4 best friends on 4 absurd adventures that all adds up to 1 big weird ending.

Pig (the fool), Goat (the artist), Banana (the wise-guy) and Cricket (the brain) are roommates living in a fantastical city where creatures, humans and sometimes even inanimate objects interact.

PIG

Pig is simple minded and naïve, overly optimistic and very trusting. He loves to help people even though his kind of help always seems to make things worse. He is easily distracted so it is difficult for him to finish a simple task.

Pig doesn't have an official job. He mostly wanders around looking for fun. But every once in a while he will score a simple, low paying job, like carrying out delivering burgers for Sky Burger or applying to be the new Picklemart mascot. These jobs usually only last a day because Pig is such a doofus that always screws everything up.

Pig LOVES pickles. ***“That’s my favorite!”***

Things Pig likes: Eating pickles, snooping around Cricket’s lab and playing with his “toys”, his fourth best friend in the whole wide world Angry Old Raisin, TV, eating cheese pencils with his sweetheart Delooney Hamshank ...

GOAT

"Totally Goatally!"

A bohemian/musician/artist type. She dreams of one day becoming a famous musician and is waiting for that big break. She is kind of bipolar in that one minute she'll be all sweet and nice, and the next she'll be a raging maniac. Some of the things that make her explode: stealing her guitar, calling her music stupid, or messing of her horns.

BANANA

“Sweet Mama’s Monkeys!”

Banana is kind of like the jerky brother of the group.. He usually takes his roommates for granted, except when some outside force is threatening it. Then he’ll snap into action to protect them.

Banana LOVES pizza, tacos, video games and generally “doin’ nuthin.” He considers himself a master prankster and he has a lot of bluster and big talk, but at his core he is a softy.

Banana has a job as a Forest Ranger, but knows nothing about nature. His boss is Ranger Rhino, a tough, hard nosed, no-nonsense guy that Banana spends most of the day hiding from. Any misstep and Banana is fired!

“Simple-dee-doo!”

CRICKET

Cricket is insatiably curious about science. He's into the thrill of experimenting but sometimes this comes at the expense of his friends' well being and can be dangerous ("I don't even know what will happen!") It often leads to trouble for him or the group. Sometimes Cricket uses Pig, Goat and Banana as guinea pigs in his experiments without them knowing it – but it's all in the name of Science!

Cricket is always coming up with inventions. Sometimes Cricket will come up with inventions that are cosmic in scope. He has an entire wall of diplomas, certificates, awards, plaques, trophies, attesting to his genius and awesomeness.

Cricket has a crush on Goat, but Goat never realizes it and treats him like a brother. Cricket actually likes her temper and thinks it's adorable.

“Holy Laser Farts!”

CRICKET

Paul Rugg

A whimsical, hand-drawn illustration of a forest scene. In the foreground, a dark green pond with ripples occupies the bottom half. The middle ground features a sandy clearing with various plants, including small mushrooms and a large, leafy plant. A large, gnarled tree with a hollowed-out trunk and a small birdhouse-like opening stands prominently. The background shows more trees and a bright blue sky. The overall style is colorful and detailed, with a focus on natural elements.

Secondary Characters

Burgerstein

Cricket's beloved lab assistant. He's a beautiful mess who can only communicate in groans and grunts.

Shrager

Angry authoritarian. Part cop, part outlaw, all mean. The Shrager is there to enforce whatever laws he makes up, and only speaks in one-hundred decibel Macho Man-isms.

Rasta Rat

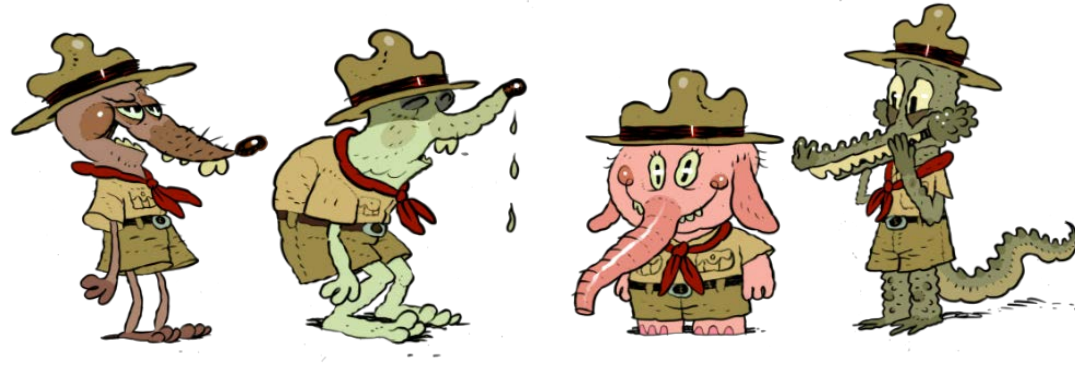

He be jammin', mon! You never know when or where he'll pop up. His mellow demeanor is delightful. "That was gnar!"

Ranger Rhino

Banana's no-nonsense boss. He's more of a yeller than a talker.

He's constantly threatening Banana with the words "YOU'RE FIRED!"

The Junior Rangers

Banana's troop of young go-getters. They are eager to learn the ways of the forest, nature and survival. They each have a name, but Banana refuses to learn them, so he calls them all Greg.

Armpit Willy

One of Banana's best friends. He's a surfer dude. His armpit hair is his finest commodity: it's great for bungee jumping, grabbing anything out of reach. "Armpits that don't quit. Bushy bushy!"

Breakfast Burrito

The other friend of Banana. The British Eeyore of the group. Together with Armpit Willy, this trio gets into the schemiest of schemes, always trying to get things done the lazy way or make a quick buck without doing any work.

President of the Planet

The ruler of Boopelite City and the left quadrant of the moon! He may be a little absent minded, but always has the best intentions.

Owl Woman Lady (O.W.L.)

She is the high society matron foil to our gang's hijinks. She's easily upset and always responds to the gang's insulting antics with a "How dare you!?"

Angry Old Raisin

The gang's neighbor, and Pig's fourth best friend in the entire world. Angry Old Raisin would love to do nothing more than relax in his home without distractions from Pig.

Psychopath Giraffe
One of the villains of
Boopelite city.

The Hamshanks
Our gang's hillbilly neighbors.

Prince Mermeow
The selfish, charismatic dictator of
Catlantis.

LOCATIONS

Boopelite City

Boopelite City is like one gigantic, whirring Rube Goldberg contraption. Many of the buildings look like archaic clockworks, or 1950s radios. The streets are constantly teeming with characters of wildly varied description. A lumbering triceratops might walk alongside all kinds of weird cars while ducking the odd flying saucer. Meanwhile the sidewalks are crammed with animals, robots, walking fruit, and sea creatures, to name a few.

The Treehouse

This is the place where they all live. It is much like Dr. Who's Tardis, apparently small from the outside, but incredibly spacious on the inside.

It has all the things most houses have like a cozy living room where Pig, Goat, Banana, and Cricket all hang out together. But it also has a futuristic laboratory where Cricket does all his work.

There is a rehearsal space in the living room for Goat to perfect her singing, and four bedrooms that reflect each roommate's personality.

The house sits right in the middle of Boopelite City, surrounded by the forest, the sea, and everywhere else they could possibly go.

Cricket's Lab

Head down any tube in the treehouse walls, and you'll end up in Cricket's lab. Be careful, no touching! Cricket is able to dream up his inventions, save (or destroy) the world, and hang out with his lab assistant – Burgerstein. Like the treehouse, you can never be too sure how large or small Cricket's lab is...

The Picklemart

The one-stop-shop for anything pickled. It's akin to an amusement park with a pickle train, pickle waterfall and Mount Picklemanjaro. It even has its own mascot, Pickleman. Pig's most favorite place in all of Boopelite.

Park Ranger HQ

The Forest

The Forest is a lush, deep petri dish of weird creatures and bizarre vegetation. The life forms in the forest can range anywhere from the simplest, most mundane animals like a chocolate moose, to mind-blowing mythological beasts like the Gunk Knuckler. As Banana is a nature guide, he spends a great deal of time hanging out in the forest and at the Ranger HQ, avoiding work; usually playing video games, and generally goofing off.

Catlantis

An underwater city located at the bottom of the Sea. Catlantis is a mystical, underwater oasis ruled by Prince Mermeow. It is home to the Catlantians, a race of green underwater cat people who always look upon the surface dwellers with great suspicion & contempt.

Cutesachusetts

This Narnia-esc world is divided; one half is the cutest place ever conceived, made entirely of candy with cinnamon roll clouds and is ruled by Lady Primavera Van De Snuggles. The other half is a dark and twisted forest, home to the Skunkataurs. Here it's a constant battle between adorable and thorny.
